The four verticals that take our customers and us forward:

- › **AIR FREIGHT**
- › **SEA FREIGHT**
- › **CUSTOMS BROKERAGE**
- › **PROJECT CARGO**

OUR FIELDPLAY

AIR FREIGHT

The expensive form of transport, but offers many advantages. From sensitive products (either perishable or not) to high valued products. From goods for the solution of an emergency (machine parts for example) to medical or scientific instruments and just-in-time deliveries (within 24/48/72 hours), speed and safety are the highest priority with these shipments/deliveries. With competitive rates, we totally meet the expectations and hence count multinationals, as well as middle and small companies in our clientele. Our experienced

and skilful team ensures that freight is handled professionally from the start and has concentrated on fast and safe air freight delivery via our worldwide partners, combining flexibility and an optimal transit time for every individual consignment.

SEA FREIGHT

Whether the requirement is for shipping of small consignments (LCL), full container loads (FCL) or special cargo movements and is cost effective and not time sensitive, opt for Sea Freight. A full door-to-door service with all major shipping lines from India, we are in complete control of your freight.

Ace Express offers regular consolidations by sea Import/Export to noted international destinations, but our primary sea freight business has been involved in handling larger

shipments whether by full container loads, or by conventional services to Europe, USA & Far East & Middle East Nations. Much time has been spent in researching and co-ordinating large, out of gauge material to move shipments as economically and efficiently as possible, yet within strict deadlines.

CUSTOMS BROKERAGE

Ace Express provides customs brokerage services for all types of shipments. The requirements and regulations are constantly changing today and our experienced staff and connected customs' brokerage team can ensure that all requirements are met to expedite the clearance of your shipment; This is ensured with adequate knowledge of customs formalities and customs tariffs.
